

OEM Air Conditioning Compressors

OEM Quality Supplier:

CARQUEST Offers the Most Comprehensive Selection of OEM Air Conditioning Compressors in the Industry.

Original equipment quality air conditioning compressors are the choice of those that know the difference...Professional Technicians. They appreciate the difference in fit, performance and reliability that installing only genuine OEM built compressors can provide.

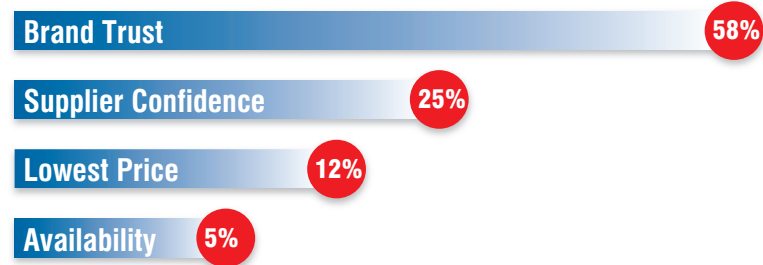

CARQUEST understands that professional technicians want to do the repair right the first time. That's why CARQUEST direct sources compressors from the most respected OE manufacturers in the industry, like DENSO, Sanden, Visteon and Delphi.

CARQUEST supplied OEM sourcing means:

- Genuine OEM fit every time.
- Genuine OEM performance every time.
- Genuine OEM reliability every time.
- First-to-market new application compressors.
- Highly competitive compressor pricing.

CARQUEST's commitment to service solutions is the driving force behind providing technicians with the brands that they know and trust.

How Do Technicians Choose the Brand They Install?
